Appointment cancellation policy.

A missed dental appointment presents problems for us both. For you, a missed dental appointment causes a delay in treatment that was recommended to help improve your dental health. For our office, a missed dental appointment prevents us from seeing an emergency or scheduling another patient that could benefit from treatment. We schedule individual time with each patient to allow us to deliver the quality and personal care that every patient deserves.

We understand that things happen, and schedules do change, and we ask that you provide us with at least 48-hours-notice for any appointment changes.

Thank you!
